Personal Profile:

I am a 15-year-old student, currently going through my GCSEs. I have always enjoyed creative writing and had success when a short story I wrote as part of the Young Writers Challenge was accepted for publication. I am a high achiever, who always works to the best of my ability to create work of a high standard, as can be seen in the awards I have received over the past two years.

I have also developed a significant interest in Web Development, and am considering furthering this by studying Software Engineering and Programming in Higher-Education.

Education:

(2006 - Present)
Shuttleworth College,
Burnley

I am a student in year 11, in the middle of taking my GCSE exams. My achievements at Shuttleworth College include:

- Seven awards in year 7 for achievement and excellence including Boy of the Year.
 - Ten awards in year 8 for achievement and excellence including Boy of the Year.
 - Undertook a year 9 SAT in English during year 8 and achieved a grade 7b.
 - Achieved 2nd place in Year 7 UK Mathematics Challenge.
 - A Mini-Saga I wrote was published as part of the Young Writers Challenge in year 8.
 - In year 9, I received the following grades in 3 GCSEs I took early:
 - *English- B*
 - *Maths- A**
 - *French Lower Tier- C*
 - I have undertaken a Student Leadership course.
 - I was part of the team chosen to produce a video documenting our local football team. I also designed a website to accompany the documentary, which was viewed and commented upon positively by British Telecom.
 - The GCSE courses I am enrolled on include: BTEC ICT (OCR National), Triple Science, Art and History. I am also enrolled on an extra-curricular Latin course.
-

-
- I recently wrote an application for students to use to get updates from their school, which is shortly going online to be used commercially, as part of a business I have recently established, called echo systems.
 - I recently taught 5 lessons in BTEC ICT in 2D animation and scripting.
 - I have taught myself to read and write 6 programming languages in aid of my business, echo systems, including:
 - HTML
 - CSS
 - Javascript
 - PHP
 - C++
 - Visual Basic

Interests:

I am a keen sportsman, taking part in sports such as All Terrain Boarding and Rugby Union. I play rugby at Fly Half for Burnley Rugby Union Football Club. I also enjoy using computers and have taught myself numerous skills, which have accumulated over a period of 3 years, allowing me to begin a business in web-based application development, echo systems. This turning my skills with computing into an occupation, rather than a hobby.
